Did you know...

That in 2008-09 deer season, we processed 3750 whole carcasses and 125,000 lbs of additional boneless venison!

That is over 340,000 lbs of homemade venison products!

Shotgun season whole deer carcasses will be processed before boneless venison that is brought in. We will do our best to process the meat in the order it's received.

We will not accept deer or deer trim without a deposit!!!

A **\$50.00** deposit is required per deer.

A deposit of **\$1.00/lb** is required for trimmings, quarters, etc.

- We reserve the right to refuse any trim not properly handled. Treating your venison with care will yield a high quality product.
- When bringing in trim for sausage no fat, hair, or bloody pieces are acceptable.
 - We strongly discourage trim brought in that is pre-ground.
- Pork trim must be purchased from or processed by the Edgewood Locker.
- All processed deer must be picked up and paid for in full within ten days after you receive a call that it is ready. Deer not picked up will be subject to a storage fee.
- When your order is completed we will notify you by telephone. It is extremely important to give your correct phone and address to us when the deer is dropped off.
- We prefer you bring in your whole carcass deer to us hide on...it does not save you any money by skinning it yourself.

In order to simplify pricing for our customers, the price per lb is based on the raw weight of the product after the pork, cheese, etc. is added. All of the extra ingredients are included in that price.

To figure the total ending raw wt of your product, take the lbs of venison you have times the % of gain for that product.
